SKILLS

Languages: HTML, CSS, JavaScript, PHP, C, C++, Java, Python, Visual Basic

Tools/Technologies: Git, GitHub/GitLab, React, Illustrator, Photoshop, Premiere Pro, After Effects, InDesign

PROJECTS

Personal Website | HTML, CSS, JavaScript, PHP

Dec 2021 - Jan 2022

- Created a responsive [portfolio website](#) that displays my personal and professional graphic designs
- Developed a contact form that sends messages to my email using JavaScript and PHP

DigiTalli | Arduino microcontroller, C++, Visual Basic

Oct 2021 - Dec 2021

- Collaborated in a team of five to develop a device that automates COVID-19 safety protocols
- Used C++ algorithms and ultrasonic sensors to detect people entering and exiting a space, and notify when maximum capacity is met
- Utilized sms77.io API and Visual Basic to prevent lineups by allowing users to input their number using a keypad after maximum capacity is met, and sending them a text message once they are able to enter the facility

EXPERIENCE

Tech+ UW | Outreach Lead

Jan 2022 - Present

- Lead a team of 11 in developing marketing campaigns that focus on diversity, equity, and inclusion in tech
- Collaborate with other Tech+ teams to successfully launch events and resources

UW Women in Computer Science | First Year Representative

Jan 2022 - Present

- Work in a team of eight to brainstorm and execute events that focus on supporting women in computing
- Represent UWaterloo first year students, and voice their feedback to the committee

We Brew Cafe - Lavazza | Cashier Barista

Jul 2021 - Aug 2021

- Worked efficiently in a team and provided excellent customer service in a fast-paced environment
- Took customer orders and prepared food and drinks quickly and with great attention to detail

Women of Influence | Graphic Design Freelancer

Jan 2020 - Mar 2020

- Developed website and social media assets for the Top 25 Women of Influence Awards using Photoshop

Women of Influence | Events & Marketing Intern

Sep 2019 - Jan 2020

- Used Photoshop, Illustrator, and Premiere Pro to develop [digital promotional assets](#) for events and initiatives
- Created and sent MailChimp email campaigns and reported success of targeted email blasts and sales emails
